The perfect aircraft for European flights!

# Citation Bravo

## View of the cockpit:

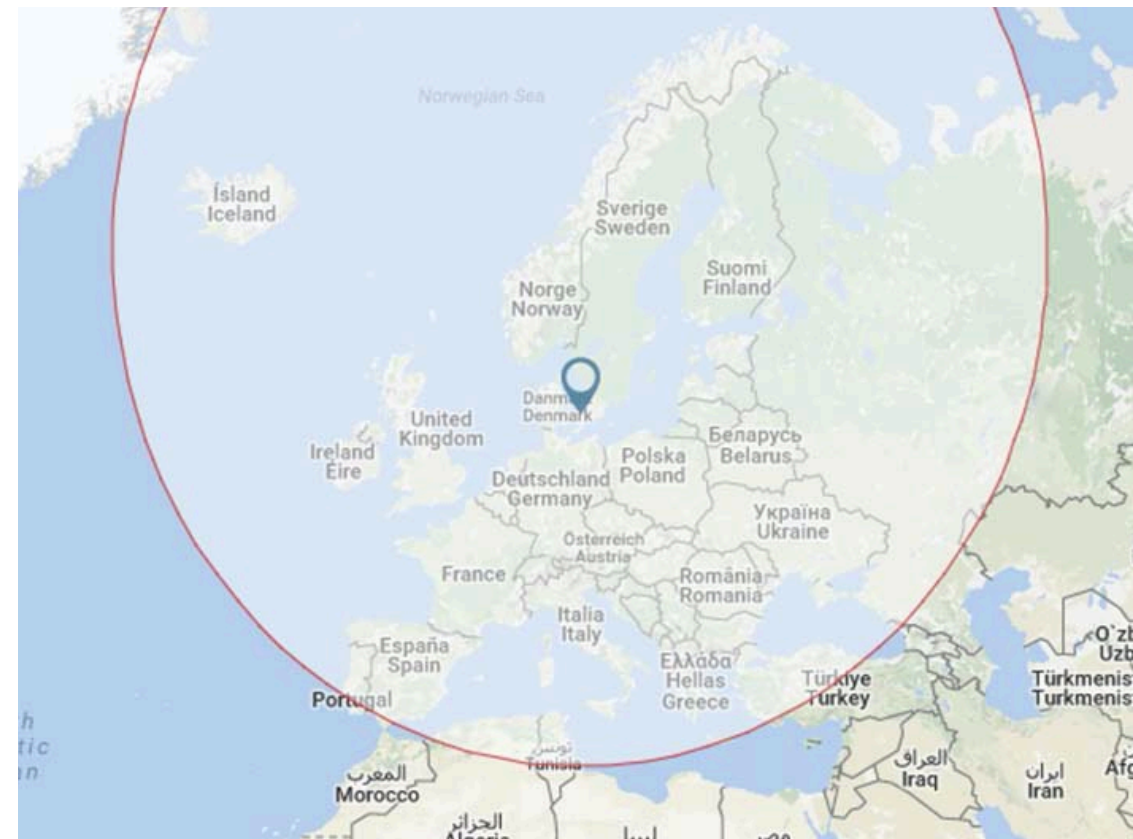

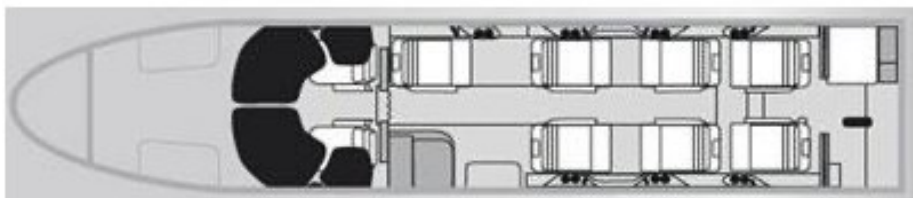

The aircraft has excellent performance, and thanks to the design of the wings, it is able to land on shorter runways than most business jets in its class. Perfect for European destinations, but also suitable for longer travels

## Performance:

Max range: 1.500nm (2.780km)  
Max cruise speed: 745km/h  
Max altitude: 13.216m  
Takeoff distance: 3.900ft (1.200m)

|                         |      |               |       |
|-------------------------|------|---------------|-------|
| Year of Manufacture:    | 2003 | Cabin height: | 1.43m |
| Interior refurbishment: | 2014 | Cabin with:   | 1.48m |
| Exterior refurbishment: | 2008 | Cabin length: | 4.80m |

With a range of 1.500nm you can reach all parts of Europe.
